power generators. Since 2001, Cetrom has maintained a 99.99 percent uptime rate, and commonly shares data equally between the two centers in order to minimize potential downtime. Data backups are performed daily at each location and includes intrusion protection systems at both locations.

Along with CPA Cloud, Cetrom also offers a variety of hosting services. These include Hosted Email Services, which offers complete email hosting, storage, and encryption services, as well as archiving. The Virtual Desktop solution allows users complete access to their desktop system from any location, and Cetrom FS offers firms a reliable way to share files. Cetrom FS is bi-directional, and syncs between local and cloud files. A built-in 30-day retention backup is also available in Cetrom FS, which can also be branded with a firm's logo or other identifying characteristics. All data in Cetrom FS is completely encrypted whether in transit or stored.

Cetrom is currently an authorized Standard QuickBooks host, and also offers Office 365 ProPlus hosting. Cetrom currently hosts and maintains more than 150 industry specific applications such as Thomson Reuters CS such as Accounting CS, Practice CS, and UltraTax CS, BNA Fixed Assets; Wolters Kluwer CCH ProSystem *fx* applications such as ProSystem *fx* Engagement, ProSystem *fx* Practice Management, and ProSystem *fx* Document; Sage 50 Accountants Edition, Sage 50 Quantum Accounting, and Sage 100 ERP; Intuit's QuickBooks and ProSeries Tax; CaseWare and Lacerte Tax software. Such applications are accessible from a variety of devices including desktop, laptop, smartphones and tablets. Cetrom can also host custom programs, and can work with any firm to host just about any application desired.

In addition, Cetrom handles the entire data migration process, using a white-glove approach, from beginning to end to ensure that the system is set up properly from the very beginning.

Cetrom offers 100% US-based senior-level IT support, with users able to contact
