Trends Will Impact the Profession

Dec. 18, 2019

Be a Better Accounting Advisor: How Future Trends Will Impact the Profession.

Think about the trends we can see coming our way: Client Accounting Services, Big Data, Blockchain, RPA, and AI, and more. How are these trends expected to change the way accountants will work in the future, and how they will be implemented? What challenges will accountants face regarding these trends and how will those challenges be overcome? What does this all mean to the small to medium-sized CPA firms and their clients? These aren't speculative ideas – these trends are already making their way into the profession. Learn how you can prepare to take advantage of the changes coming your way!

Panelists:

- David Cleslak
- Aaron Berson
- Shehan Chandrasekera

This session was eligible for CPE credit for accounting professionals during the live broadcast, as part of Ensuring Success, the live-streamed annual CPE program from CPA Practice Advisor. CPE credit is not available for this archived version. To learn more, or register for next year's event, visit www.ensuringsuccess.com.

Digital Currency

(ANB) as a sponsor of continuing professional education on the National Registry of CFP® Sponsors.
