What are you doing to make a difference in the profession, your community, the world?

I am passionate about volunteerism, mentorship, and improving the professional and personal lives of everyone I meet. Some of my most fulfilling community outreach allows me to interact with the next generation of accounting students who will be the future of the profession! As an advisory committee member for the Whatcom Community College Accounting and Finance Committee, I am responsible for providing invaluable real-world insights into the training and educational needs of the local community, ensuring that our students have the quality instruction, skills and knowledge sought by local employers.
